IMPORTANT:

Read All Sections Before You Start

For the most up to date information, please visit our website @ www.newtechwood.com

Prior to installing any composite product, it is recommended that you check with local building codes for any special requirements or restrictions. The diagrams and instructions outlined in this guide are for illustration purposes only and are not meant or implied to replace a licensed professional. Any construction or use of NewTechWood must be in accordance with all local zoning and/or building codes. The consumer assumes all risks and liability associated with the construction and use of this product.

Safety

When dealing with any type of construction project, it is necessary to wear appropriate safety equipment to avoid any risk of injuries. NewTechWood recommends but is not limited to the following safety equipment when handling, cutting, and installing the product: gloves, a respiratory protection, long sleeves, pants, and safety glasses.

Tools

Standard woodworking tools may be used. It is recommended that all blades have a carbide tip.

Environment

A clean, smooth, flat, and strong surface is needed to install the Deck Tile Planter Box correctly. Please check with local building codes before ever installing any type of decking. If installation does not occur immediately, NewTechWood's products need to be put on a flat surface at all times. It should NEVER be put on a surface that is NOT flat.

Static

Static can also be more prevalent in areas that are of higher altitude because the humidity is lower. For these areas, be careful of using conducive objects such as metal railing and chairs as static shocks might occur more often. A potential way to lower the amount of static shocks occurring is to apply Staticide (www.aclstaticide.com) on your deck or use anti-static mats before doorways.

Layout

Before installing the Deck Tile Planter Box, always make sure that you are installing it on a clean smooth flat surface.

The Deck Tile Planter Box CANNOT be installed on places such as dirt, soil, or raised structure. It must be laid out on a flat solid surface.

Deck Tile Planter Box Components for 1x3

IMPORTANT POINTS:

- Parts B, C, D will be different depending on the planter box kit model.
- Parts D, G quantity will be different depending on the planter box kit model.

A - QD0101
(X4)

E - UH36
(X4)

B - UH08-832
(X2)

F - QD0110
(X4)

C - UH08-224
(X2)

G - QDG1
(X3)

D - QD0104
(X1)

Single Layer Installation

The following installation is for the 1x3 planter box. Other planter boxes will be installed in the same manner, the only difference being the length of the boards (B-UH08-832, C-UH08-224) and the size of the perforated sheet (D-QD0104).

- 1 Lay & connect the grids (G-QDG1) on a flat surface as shown in Diagram 1, 2.

DIAGRAM 1

DIAGRAM 2

- 2 Insert the post legs (F-QD0110) on the 4 corners from the bottom of the grids as shown in Diagram 3, 4.

Note: The side with the arc of the post legs should be facing inward.

DIAGRAM 3

DIAGRAM 4

- 3 Lay the perforated sheet (D-QD0104) on the grids as shown in Diagram 5 and 6.

DIAGRAM 5

DIAGRAM 6

- 4 Insert the posts (E-UH36) into the post legs as shown in Diagram 7, 8.

Note: The groove side of the post should be facing inward for inserting the boards.

DIAGRAM 7

DIAGRAM 8

- 5 Insert the boards (B-UH08-832, C-UH08-224) between the posts as shown in Diagram 9, 10.

DIAGRAM 9

DIAGRAM 10

- 6 Place and press down to fix the post caps (A-QD0101) as shown in Diagram 11, 12.

Deck Tile Planter Box Components for 3x3x2

IMPORTANT POINTS:

- Parts B, C, D will be different depending on the planter box kit model.
- Parts D, G quantity will be different depending on the planter box kit model.

A - QD0101
(X4)

D - QD0105
(X2)

B - UH08-832
(X8)

E - UH36
(X4)

C - QD0106
(X1)

F - QD0110
(X4)

G - QDG1
(X9)

Multi-layer Installation

The Deck Tile Planter Box can be stacked up and installed to a maximum of 2 layers.

- 1 Lay & connect the grids (G-QDG1) on a flat surface as shown in Diagram 13 and 14.

DIAGRAM 13

DIAGRAM 14

- 2 Insert the post legs (F-QD0110) on the 4 corners from the bottom of the grids as shown in Diagram 15, 16.

Note: The side with the arc of the post legs should be facing inward.

DIAGRAM 15

DIAGRAM 16

- 3 Lay the perforated sheets (C-QD0106, D-QD0105) on the grids as shown in Diagram 17-20.

DIAGRAM 17

DIAGRAM 18

DIAGRAM 19

DIAGRAM 20

- 4 Insert the posts (E-UH36) into the post legs as shown in Diagram 21, 22.

Note: The groove side of the post should be facing inward for inserting the boards.

DIAGRAM 21

DIAGRAM 22

- 5 Insert the boards (B-UH08-832) between the posts as shown in Diagram 23-25.

DIAGRAM 23

DIAGRAM 24

DIAGRAM 25

- 6 Place and press down to fix the post caps (A-QD0101) as shown in Diagram 26-27.

DIAGRAM 26

DIAGRAM 27

Notice: Planter box can be used in conjunction with Deck Tiles.
